Blue Highway Games would love to sponsor a Game Night at your school.

We can focus on math, general education (math, literacy & geography), or just make it a fun community event. Kids have a blast and don't focus on the fact that they are using math/reading skills while playing. It introduces parents to new games, and builds community by getting families to play together.

We will partner with the PTA or other group to put on an event at your school. It is run "open house" style. We set up 20-30 games in the cafeteria and families can come and go as they please, trying a number of games during the evening.

- ✓ **Free**
- ✓ **We provide a library of games that can be used during the event.**
- ✓ **We help run games and train parents and volunteers to help**
- ✓ **We sell the games that people will play and donate 20% of proceeds to the school.**

The school just needs to provide:

- ✓ A place to play (typically the cafeteria)
- ✓ 8-12 Parent volunteers to help run games
- ✓ A volunteer to help distribute purchased games back to the parents. We will bring a box to the school the week following the event.

We will work with you to customize the event to match your needs. In general we suggest games that meet the following criteria:

- Games that are easy to learn and quick to play
- Games that are fun, but that have an educational component
- A variety of games for different ages
- Some familiar games and some that will be new to people

Our library of games and puzzles includes these and more:

Apples to Apples Jr.	Go Away Monster	Marrakech	Rat-a-tat Cat
Bananagrams	Grandpa Beck's Golf	Monza	Rush Hour
Batik Kid	Gobblet	Ninja vs. Ninja	Scrambled States
Blink / 7 Ate 9	Katamino	Pass the Pigs	Sequence
